- Web & Video Media Services
- Wind Tunnel Testing
- NATA Laboratory

SLR Consulting is a multi-disciplined firm of consulting engineers and scientists offering the highest standards of excellence in specialist environmental and engineering services. We apply advanced technology and innovation to manage risks, optimise opportunities and enhance the cost-effectiveness of project solutions.

The company achieved a significant milestone in 2004 with the acquisition of New Environment Management and Technology, augmenting the company's environmental, hazardous materials and OHS services. SLR Consulting operates under a Quality Management System fully certified to AS/NZS ISO 9001:2000 (SAI Global Licence No. 3236) and has ISO/IEC 17025 NATA Accreditation for its laboratory and for air volume measurement, asbestos fibre counting and identification in bulk samples.

With almost 140 staff, SLR Consulting is one of Australasia's largest specialist consultancies with offices in Sydney, Brisbane, Melbourne, Canberra, Perth, Newcastle, Wollongong, Townsville, Rockhampton, Auckland and Singapore. SLR Consulting undertakes projects in all states of Australia, New Zealand, Papua New Guinea, Southeast Asia and the Middle East.
